## PAINTER / DECORATOR

### The Work:

Painters and Decorators prepare and paint a diverse array of surfaces. There are three main areas of industry:

- *Commercial* (everything from small businesses to huge skyscrapers)
- *Industrial* (steel structures, tanks, bridges, water and sewage treatment plants)
- *Residential* (homes and small apartments).

Painters need to be skilled with a wide variety of hand and power tools, depending on the type of surface preparation and coating required. The work is both challenging and varied.

### Working Conditions:

Work is conducted indoors and outdoors at floor level, on ladders, rigging and scaffolding. Painters and decorators use a variety of chemicals and can be exposed to fumes from paints and solvents. Workers may have to travel great distances to work sites. Jobs vary in time from a few days to as long as a year or more. Hours may include working at night.

### Wages and Benefits:

Registered Painter Apprentices start at 70% of Journeyman wage and are re-evaluated every six months for advancement.

1 <sup>st</sup>	1,000 hour period	70% of average wage

### The Apprenticeship:

Related training is usually conducted in the evening and sometimes on Saturday, on the apprentice's own time. Satisfactory progress must be maintained in related training classes.

Typically it takes approximately 3 years to complete the program.

The Oregon & SW WA Painters JATC is a non-discriminatory program.  
WOMEN AND MINORITIES ARE ENCOURAGED TO APPLY.

Veterans: This program qualifies for VA Educational Assistance programs.

## Painter/Decorator Application and Interview System

### DIRECT ENTRY

This program offers direct entry (automatic placement at the top of the waiting list by date of application) to:

- **veterans** with Honorable Discharge and DD214 within the past 24 months.
- **graduates of certain pre-apprentice programs** who apply within two years of graduation. Currently these programs include approved Job Corps centers. Applicants must bring their completion certificates.

Applicants who don't qualify for direct entry will follow the Application and Interview System:

1. Apply to the program and meet minimum qualifications. *Proof of qualification must be received by the end of the month in which the application is submitted.*
2. Attend an Orientation when notified (always the third Monday of the month following the month the completed applications were received). Applicants who do not attend the orientation will not be placed in the ranked pool of eligibles.
3. Attend an interview

Applicants who are accepted to the program and have attended the Orientation class will be scheduled to return for a personal interview.

Each qualifying applicant will be interviewed by members of the Joint Apprenticeship and Training Committee (JATC). Following the interview, the committee will assign a numerical score for that applicant.

Applicants will be placed in descending order in the RANKED POOL based on the score earned during the personal interview process. This means that applicants with higher scores will place higher on the waiting list for jobs.

It is possible for a new applicant to place higher than an earlier applicant by earning a higher interview score. If two or more applicants have identical scores, those who applied earlier will place higher on the list.
