No shows will be charged a \$25 missed class fee unless you call and cancel at least 24 hours before start time. At the end of the contract year, the money collected is awarded to those apprentices who had perfect attendance at training classes during the contract year.

Boom Lift/Scissor Lift and Fork Lift classes are offered through Columbia Industrial Training & Education ("CITE"). Complete the class registration form and write "Boom Lift" or "Fork Lift" as the name of the class. We will mail you a voucher good for one class and you will contact CITE for scheduling.

Instructions for Respirator Medical and Respirator Fit Testing are on the back of the Class Registration Form. Info also available online at www.paintertraining.org. You **must** request a voucher from the Training Center to take with you to Providence or Concentra.

YOU MUST PRE-REGISTER; NO WALK-INS WILL BE ALLOWED. IF LESS THAN FIVE PEOPLE SIGN UP FOR A CLASS IT WILL BE CANCELLED. IF THAT HAPPENS, THOSE WHO PRE-REGISTERED WILL BE NOTIFIED BY PHONE.

The PUMP Committee ruled that retaking any of the **required** safety training classes (except for OSHA 10) will NOT be credited toward the needed elective class hours for the STAR Bonus Award. Unless the safety class is a requirement for a specific job duplicate required safety class hours will not be credited. The needed class must be requested by the contractor before the Committee will approve credit for duplicate Safety Training. Exception: OSHA 10 may be retaken, and elective credit will be given, but no more than once per year.

IN CASES OF EXTREME WEATHER: The Training Center will be closed and no classes will be held when the community colleges have announced they are closed due to weather. Listen or check online for school closure information from PCC and Mt. Hood Community. Also check our website for updates at www.paintertraining.org.
